Dear Church and worship leader,

Thank you for bringing a caring presence to our nursing home residents each week. The residents at each facility so look forward to your church bringing a special time of devotion just for them. So please support them by not leaving residents waiting with no one to lead a service.

If your church is not able to bring the worship service on the designated Sunday, please arrange with another church on the schedule to switch with you. After you receive this I will not be able to make changes week to week. Please Call Another Church to try to switch Sundays. Contact the activities director at the facility with your changes or if you cannot make it.

We simply ask your church to do the best you can with the calendar and if your church cannot meet this schedule everyone will understand but you must let the nursing home activity director know.
